

GODIŠNJI IZVEŠTAJ ANNUAL REPORT

2019

UVODNA REČ

Godina za nama bila je za Ekumensku humanitarnu organizaciju izazovna, dinamična i uspešna. Kroz direktnu pomoć i zadovoljavanje osnovnih potreba, obrazovanje, zapošljavanje, participaciju i mobilisanje lokalnih zajednica, kroz 51 realizovan projekat u 2019. godini, nastojali smo da osnažimo naše korisnike i korisnice i da zajedno sa njima radimo na smanjenju siromaštva, socijalnoj inkluziji i razvoju građanskog društva. Nastavili smo da se umrežavamo i zajednički delujemo sa drugim organizacijama civilnog društva, kao i da kroz međusektorsku saradnju, sa lokalnim, pokrajinskim i republičkim organima uprave, promovišemo primere dobre prakse i nudimo metode i instrumente za realizaciju projekata u oblasti socijalne zaštite i inkluzije.

Krajem 2019. godine svoj četvorogodišnji direktorski mandat završila je Tilda Gyenge Szlifka, sveštenica Reformatske hrišćanske crkve u Srbiji. Za vreme njenog mandata kreirana su i usvojena mnoga pravila i procedure koji svedoče o posvećenosti organizacije stalnom unapređivanju dobrih praksi u upravljanju, transparentnosti i kvalitetu rada. Skupština EHO-a je na svojoj izornoj skupštini donela odluku da nova direktorka organizacije od januara 2020. godine bude Anna Brtka Valent, master ekonomije.

I u narednoj godini, svi saradnici Ekumenske humanitarne organizacije nastojaće da kroz različite projektne aktivnosti odgovore na izazove koje pred nas stavljaju različiti društveni procesi i reforme. Trudićemo se da, kao i prethodnih 27 godina, održimo poziciju EHO-a kao pokretačke snage razvoja građanskog društva.

Tim EHO-a

INTRODUCTION

The preceding year has for the Ecumenical Humanitarian Organisation been a challenging, dynamic and successful one. By providing direct assistance and meeting basic needs, through education, employment, participation and mobilisation of local communities, through 51 completed projects in 2019, we have sought to empower our beneficiaries and together with them work on poverty reduction, social inclusion and developing civil society. We have continued networking and working in concert with other civil society organisations, as well as through intersectoral partnership with local, provincial and national government bodies to promote models of good practice and offer methods and instruments for pursuing projects in the areas of social welfare and social inclusion.

Towards the end of 2019, Tilda Gyenge Slifka, priest of the Reformed Christian Church in Serbia, completed her four-year term as director. During her time in the position a great many regulations and procedures were drafted and put in place, testament to the organisation's commitment to constantly improving good practice in the management, transparency and quality of our operations. At its electoral meeting the EHO Assembly appointed Anna Brtka Valent as the new director of the organisation as of January 2020. Anna holds a Masters degree in economics.

In the coming year, all staff of the Ecumenical Humanitarian Organisation will seek, through a range of project activities, to respond to the challenges placed before us by different societal processes and reforms. Just as in the 27 years before, we will do our utmost to maintain EHO's status as a motivating force for the development of civil society.

O NAMA

Ekumenska humanitarna organizacija (EHO) je neprofitno udruženje građana koje nastavlja rad Ekumenske humanitarne službe osnovane 19. februara 1993. godine na inicijativu Svetskog saveta crkava (WCC).

Osnivači EHO-a su predstavnici i predstavnice sledećih crkava:

- Slovačke evangeličke A.V. crkve u Srbiji;
- Reformatske hrišćanske crkve u Srbiji;
- Evangeličke metodističke crkve u Srbiji;
- Eparhije Svetog Nikolaja (sa sedištem u Ruskom Krsturu);
- Evangeličke hrišćanske A.V. crkve u Srbiji - Vojvodini.

Od samog osnivanja, rad EHO-a predstavlja primer saradnje crkava u obavljanju dijakonijskog rada širom Vojvodine. EHO svedoči o misiji crkava u radu sa siromašnima i marginalizovanima. Jedinstvena mreža dijakonijskih grupa od 200 volontera i volonterki raznih veroispovesti postala je zaštitni znak EHO-a u Vojvodini, dokazujući time da su i tradicionalne društvene strukture, kao što su crkve, pokretačka snaga razvoja građanskog društva.

EHO se pokazao kao otvorena i fleksibilna organizacija koja uspešno odgovara na izazove koje pred nju i društvo u celini stavljaju procesi reformi, demokratizacije Srbije i evropskih integracija. EHO danas ima reputaciju organizacije civilnog društva koja se bavi opštim društvenim problemima. Pionirsku ulogu EHO-a u kreiranju inicijativa koje doprinose rešavanju socijalnih problema i podsticanju rada drugih organizacija potvrđuje i činjenica da su mnogi njeni projekti drugim organizacijama i institucijama poslužili kao model dobre prakse.

EHO će i u narednom periodu svoj rad usmeriti na oblasti u kojima će moći da razvija i unapređuje svoje usluge, doprinoseći na taj način institucionalizaciji metoda i instrumenata koje primenjuje u svom svakodnevnom radu. EHO će nastaviti da promoviše aktivizam u crkvama i radiće na mobilizaciji resursa lokalnih zajednica u cilju unapređenja položaja najugroženijih društvenih grupa.

ABOUT US

The Ecumenical Humanitarian Organisation (EHO) is a non-for-profit citizens' association that continues the work of the Ecumenical Humanitarian Service, founded on 19th February 1993 on the initiative of the World Council of Churches (WCC).

The founders of EHO are representatives of the following churches:

- Slovak Evangelical Church of the Augsburg Confession in Serbia;
- Reformed Christian Church in Serbia;
- Evangelical Methodist Church in Serbia;
- Byzantine Catholic Eparchy of Saint Nicholas of Ruski Krstur;
- Evangelical Christian Church (Augsburg Confession) of Serbia – Vojvodina.

From its very founding, EHO has set an example of interchurch cooperation in conducting diaconal work across Vojvodina. EHO is a witness of the mission of the church in working with the poor and marginalised. This unique network of diaconal groups made up of 200 volunteer men and women of differing religious confessions has become the trademark of EHO throughout Vojvodina, demonstrating that traditional social structures such as churches can also serve as a driving force in the development of civil society.

EHO has shown itself to be an open and flexible organisation, successfully meeting the challenges placed before it and society as a whole by the process of reform, the democratisation of Serbia and the process of European integration. Today EHO enjoys the reputation of an organisation that tackles broad social issues. EHO's pioneering role in developing initiatives that contribute to the resolution of social problems and to galvanising other organisations is evidenced in the fact that many of EHO's projects have been used by other organisations and institutions as examples of good practice.

In the coming period too, EHO will direct its efforts towards areas in which it will be able to develop and improve its services, and in doing so contribute to the institutionalisation of the methods and instruments it employs in its day-to-day work. EHO will continue to promote activism in churches and will work on mobilising resources in local communities in order to improve the status of the most vulnerable social groups.

Nastojeći da osnaži svoju poziciju u društvu, EHO će težiti ka unapređenju saradnje sa republičkim organima uprave, a u cilju realizacije strateški važnih projekata u oblasti socijalne zaštite, socijalne inkluzije, unapređenja položaja marginalizovanih grupa i demokratizacije društva.

GODIŠNJI IZVEŠTAJ ZA 2019. GODINU
PROGRAMSKA OBLAST: CIVILNO DRUŠTVO

2019 ANNUAL REPORT
PROGRAMME AREA: CIVIL SOCIETY

SOCIJALNA INKLUZIJA ROMA I DRUGIH OSETLJIVIH GRUPA U SRBIJI

Projekat, zasnovan na dvadesetogodišnjem iskustvu u radu sa osetljivim grupama, nastavak je ranijih aktivnosti EHO-a kojima su unapređeni uslovi života Roma i Romkinja i drugih osoba iz osetljivih grupa. Sprovodi se kroz tri komponente: stanovanje, obrazovanje i pravnu podršku.

Tokom 2019. godine odabrane su jedinice lokalnih samouprava u kojima će se sprovesti aktivnosti i potpisani su sporazumi o saradnji. Sporazumi o saradnji potpisani su sa gradom Novim Sadom, opštinom Žabalj, opštinom Smederevska Palanka, gradom Kragujevcem, gradom Šapcem, gradskom opštinom Zvezdara, gradskom opštinom Obrenovac, opštinom Aranđelovac, opštinom Požega i opštinom Raška.

Projektne aktivnosti u oblasti stanovanja usmerene su na pružanje podrške u postupku ozakonjenja nezakonito izgrađenih objekata, koji su ugroženim porodicama i jedini dom. Korisnici nastanjeni u odabranim podstandardnim naseljima će kroz projekat osigurati dokumentaciju neophodnu za ozakonjenje objekata, kao i za rešavanje imovinskih prava. Podrška podrazumeva i aktivnosti na pripremi dokumentacije i drugih uslova neophodnih za podnošenje prijave na pozive i projekte kroz koje se obezbeđuje finansiranje stambene i druge podrške u oblasti socijalne inkluzije.

Projekat će, pored toga, na osnovu potreba iskazanih u okviru fokus grupa organizovanih u osnovnim školama, podržati rad na unapređenju obrazovanja dece iz ugroženih grupa. Nastavlja se sa implementacijom interkulturalnog edukativnog programa. U odabranim opštinama će se organizovati obuke akreditovanog programa stručnog usavršavanja pod nazivom „Izazovi interkulturalnog učenja i nastave“ za nastavnike i nastavnice i stručne saradnike i saradnice iz osnovnih škola. U cilju implementacije stečenih znanja i veština na obukama, EHO će podržati škole u realizaciji malih školskih projekata.

SOCIAL INCLUSION OF ROMA AND OTHER SENSITIVE GROUPS IN SERBIA

This project, based on twenty years of experience in working with sensitive groups, is a continuation of earlier activities of EHO in improving the living conditions of Roma people and other people from sensitive groups. It is being conducted across three components: housing, education and legal support.

During 2019, local authorities were selected in which activities were to be conducted, and cooperation agreements signed. Agreements were signed with the city of Novi Sad, the municipality of Žabalj, the municipality of Smederevska Palanka, the city of Kragujevac, the city of Šabac, the city municipality of Zvezdara, the city municipality of Obrenovac, the municipality of Aranđelovac, the municipality of Požega and the municipality of Raška.

Project activities in the area of housing were directed towards providing assistance in the procedure to legalise illegally constructed buildings, which for some vulnerable families are the only place they can call home. Beneficiaries living in selected substandard settlements will, through the project, secure the paperwork they need to legalise their dwelling, as well as resolve any outstanding ownership issues. The support provided also entails preparing documentation and other prerequisites for filing applications for grants and projects intended for financing housing and other support in the area of social inclusion.

In addition to this the project will, based on the needs expressed in focus groups organised in primary schools, support work on improving the education of children from vulnerable groups. Implementation of the intercultural educational programme is to be continued. In selected municipalities, an accredited professional training programme for teachers and other non-teaching staff in primary schools will be held, titled Challenges of Intercultural Learning and Teaching. EHO will support schools in implementing small-scale school projects in order to put into practice the knowledge and skills they have acquired.

Aktivnosti u oblasti prava implementiraće se na osnovu potreba utvrđenih u okviru fokus grupa održanih u sedam partnerskih jedinica lokalnih samouprava. Posebni razgovori unutar ovih grupa vođeni su sa predstavnicima/-ama ugroženih zajednica, civilnog sektora, lokalnih uprava i institucija, kao i sa članovima/-icama mobilnih timova za inkluziju Roma. Organizovanje sastanaka i obuka za predstavnike/-ce jedinica lokalnih samouprava i lokalnih udruženja građana, u cilju razmene informacija i jačanja kapaciteta na uspostavljanju mehanizama za ostvarivanje prava na besplatnu pravnu pomoć, prioritet je u ovoj komponenti.

Koordinator/ka: Bela Ajzenberger
Sladana Jovanović > sladjana@ehons.org

Activities in the area of legal assistance will be implemented on the basis of needs identified in focus groups held in seven partnered local authorities. Separate discussions within these groups have been held with representatives of vulnerable communities, the civil sector, local administrations and institutions and the members of mobile Roma Inclusion teams. The priority under this component is organising meetings and training events for delegates of local authorities and local civil society organisations with a view to exchanging information and strengthening capacities in establishing mechanisms for pursuing rights to free legal aid.

MOBILIZACIJA I RAZVOJ ROMSKE ZAJEDNICE - KORAK NAPRED

Ovaj trogodišnji projekat (2018–2020) ima za cilj da osnaži romsku zajednicu i izgradi kapacitete Roma i Romkinja u romskim naseljima da samostalno i/ili u saradnji sa institucijama stvaraju okruženje sa jednakim mogućnostima za sve pripadnike i pripadnice osetljivih grupa.

Projekat je tokom 2019. pratio potrebe Roma i Romkinja u šest partnerskih opština (Ljubovija, Osečina, Mionica, Lazarevac, Obrenovac i Vrbas) i formirano je sedam lokalnih grupa koje čine predstavnici/-ce institucija, romskih naselja i lokalne zajednice. Svaka grupa odredila je svoje prioritete oblasti rada i izradila svoje individualne planove aktivnosti koje su tokom godine praćene, a aktivnosti su prilagođavane definisanim prioritetima. U svakoj od partnerskih opština organizovane su različite aktivnosti (radionice, info sesije, prezentacije) koje su za cilj imale informisanje zajednice o različitim merama namenjenim Romima/kinjama, ali i konkretnu

MOBILISATION AND DEVELOPMENT OF THE ROMA COMMUNITY – A STEP FORWARD

This three-year project (2018-2020) aims to empower the Roma community and build capacities among Roma men and women in Roma settlements to independently and/or in partnership with institutions create an environment with equal opportunities for all members of sensitive groups.

During 2019 the project monitored the needs of Roma people in six partner municipalities (Ljubovija, Osečina, Mionica, Lazarevac, Obrenovac and Vrbas), and seven local groups were formed comprising representatives of state institutions, Roma settlements and local communities. Each group set out its priority areas for action and drew up individual plans of activities, tailored to priorities as these had been defined, which were monitored throughout the year. A variety of activities were organised in each of the municipalities (workshops, info sessions, presentations) which were aimed at informing the community of the different measures intended for Roma people, as

podršku. Fokus je bio na izradi strateške dokumentacije i na informisanju predstavnika/ca lokalnih samouprava o novim programima za realizaciju održivih rešenja u oblasti stanovanja Roma.

Projekat je nastavio da prati prethodno formirane grupe/udruženja u 10 partnerskih opština i da im pruža neophodnu podršku u prikupljanju sredstava sa lokalnog, pokrajinskog i nacionalnog nivoa. U 2019. godini realizovano je 11 projekata/javnih akcija/radionica kroz koje je podržano približno 2300 osoba u potrebi. Grupa koja je formirana u Nišu ukazala je na diskriminaciju koja vlada prema Romima u taksi prevozu, te je tom prilikom reagovala i Zaštitnica za ravnopravnost. Članovi grupa u Nišu, Kovačici, Rumi i Šapcu postali su deo većih projekata koji podstiču inkluziju Roma jer su njihove lokalne samouprave dovoljno osnažene. Izrađeni su i/ili usvojeni lokalni akcioni planovi za unapređenje položaja Roma i Romkinja u Šapcu i Lazarevcu i imenovani lokalni romski koordinatori i koordinatorke u Obrenovcu i Osečini. Članovi i članice grupa iz Rume, Kovačice i Šapca su deo opštinskih mobilnih timova za inkluziju Roma. Rad i zalaganje učesnika i učesnica projekata doprineo je da se u Šapcu, Pančevu, Sremskoj Mitrovici, Kovačici, Opovu, Titelu i Rumi izdvoje veća finansijska sredstva od strane lokalnih samouprava za poboljšanje života osetljivih grupa, pre svega Roma i Romkinja koji žive u njima.

Koordinatorica: Stanka Janković > stanka@ehons.org

RAZVOJ ROMSKE ZAJEDNICE – MIŠAR, FAZA II

Projekat je nastavak podrške unapređenju uslova života romske zajednice nastanjene u naselju Mišar u Šapcu. Deo naselja Mišar, u kojem živi 17 romskih porodica, nalazi se na obali reke Save i tokom poplava koje su zadesile Srbiju 2014. godine ova zajednica je bila teško pogođena.

Nakon što im je EHO pomogao u rehabilitaciji nakon poplava, nastavljene su aktivnosti na mobilizaciji i daljem razvoju. Nedostatak osnovne komunalne

well as providing specific support. The focus was on drawing up strategic documentation and on informing the representatives of local authorities of new programs aimed at pursuing sustainable solutions in the area of Roma housing.

The project continued monitoring these groups/associations in 10 partner municipalities and providing them with the necessary support in fund-raising at the local, provincial and national level. In 2019 there were 11 projects, public campaigns and/or workshops, through which around 2,300 people in need were supported. The group set up in Niš drew public attention to discrimination levelled towards Roma people by taxi services, and the Equality Ombudswoman was compelled to act. Members of groups in Niš, Kovačica, Ruma and Šabac, where local authorities had become sufficiently empowered, got on board with larger-scale projects promoting Roma inclusion. Local action plans to improve the status of Roma were drawn up and/or passed in Šabac and Lazarevac and local Roma coordinators were appointed in Obrenovac and Osečina. Members of the groups in Ruma, Kovačica and Šabac are on municipal mobile Roma inclusion teams. The work and effort of project participants has contributed to greater funding being set aside by local authorities in Šabac, Pančevo, Sremska Mitrovica, Kovačica, Opovo, Titel and Ruma, to be used for improving the lives of sensitive groups living there, primarily Roma people.

Coordinator: Stanka Janković > stanka@ehons.org

ROMA COMMUNITY DEVELOPMENT – MIŠAR, PHASE II

The project is a continuation of support for improving living conditions for the Roma community in the Mišar neighbourhood in Šabac. Part of the Mišar neighbourhood, where 17 Roma families live, is situated on the banks of the Sava river, and this community was severely impacted by the floods which affected Serbia in 2014.

After EHO assisted them in rebuilding their lives after the floods, activities on mobilisation and further development were continued. The lack of basic public

infrastrukture prepoznat je kao prioritet, a to se, pre svega, odnosi na obezbeđivanje pitke vode za 17 porodica sa ukupno 60 članova. Romske porodice u naselju Mišar koriste tehničku vodu iz bunara. Zbog nečistoća, ova voda zabranjena je za piće i upotrebu u ishrani.

Tokom 2019. godine, u partnerstvu sa gradskom upravom grada Šapca i „JKP Vodovod“ Šabac, izrađena je neophodna planska dokumentacija - Urbanistički projekat za izgradnju vodovodne mreže u naselju Mišar, na osnovu kojeg je izdata i građevinska dozvola. Finansijskim sredstvima obezbeđenim kroz projekat sufinansiraće se izgradnja ove mreže i omogućiti pristup pitkoj vodi romskim, ali i drugim stanovnicima ovog dela naselja.

U cilju obezbeđivanja zakonitog pristupa vodovodnoj mreži, EHO je podržao romske porodice iz naselja Mišar da ozakone svoje nezakonito izgrađene objekate. Za 17 stambenih objekata izrađen je Izveštaj o zatečenom stanju sa geodetskim elaboratom i podnete su prijave nadležnom odeljenju gradske uprave. Okončanje postupka ozakonjenja i priključenje na novoizgrađenu vodovodnu mrežu očekuje se tokom 2020. godine.

Koordinatorica: **Sladana Jovanović** > sladjana@ehons.org

utilities infrastructure was recognised as a priority, first and foremost the need to secure drinking water for the 17 families, numbering 60 family members in total. Roma families in the Mišar use non-drinking water from a well. Due to its impurity, use of this water for drinking and cooking is prohibited.

In 2019, in partnership with the Šabac city administration and the JKP Vodovod public water company in Šabac, necessary urban planning documentation was drawn up for the construction of a water supply network in the Mišar neighbourhood, on which basis construction permits were also issued. Funds secured through the project will go towards financing the construction of this network and securing access to potable water for the Roma and other inhabitants of this part of the settlement.

In order to ensure legal access to the water supply network, EHO supported Roma families from the Mišar settlement in legalising their illegally constructed buildings. A technical report with geodetic measurement was drawn up for 17 dwellings and applications filed with the relevant municipal department. Completion of the legalisation process and connection to the newly-constructed water supply network is expected during 2020.

POMOĆ PRISILNO RASELJENIM ROMIMA I ROMKINJAMA

Projekt (u ciklusu od 2016. do 2019. godine) imao je za cilj da putem pravne, ekonomske i obrazovne pomoći i poboljšanjem uslova stanovanja doprinese unapređenju socio-ekonomske situacije Roma i Romkinja u Vojvodini i podrži ostvarivanje njihovih ljudskih prava.

Tokom 2019. godine, 150 dece povratnika u sedam vojvođanskih opština koristilo je uslugu mentorskog rada i dobilo školski pribor i obuću, pružana je podrška korisnicima/-ama bespovratne pomoći u vidu alata i opreme za obavljanje sopstvenog posla (30 korisnika) u nastojanjima da povećaju prihode svojih porodica i opstanu na tržištu, a 652 korisnika i korisnica (od toga 139 povratnika iz Zapadne Evrope) je dobilo podršku za pribavljanje različitih ličnih dokumenata koji će im pomoći u pristupu sistemu zdravstvene i socijalne zaštite.

Koordinatorica: Tanja Stojković > tanjas@ehons.org

ASSISTANCE FOR FORCIBLY DISPLACED ROMA PEOPLE

The project (in the 2016-2019 cycle) aimed to provide legal, economic and educational assistance, as well as to improve living conditions, and in so doing contribute to improving the socio-economic situation of Roma people in Vojvodina and support them in the pursuit of their human rights.

During 2019, 150 returnee children in seven Vojvodina municipalities made use of mentorship services and received school supplies and footwear; support was provided to 30 grant beneficiaries in the form of tools and equipment for self-employment intended to increase their family income and be competitive in the market; 652 beneficiaries (of those, 139 were returnees from Western Europe) received support in procuring various personal documents which they needed in order to access the health and social welfare system.

Coordinator: Tanja Stojković > tanjas@ehons.org

MOGUĆNOSTI ZA NOVI POČETAK

Ovaj projekat je realizovan u periodu od dve godine (2018.–2019.) sa ciljem da se unaprede uslovi života i reintegracija povratnika po osnovu sporazuma o readmisiji u Srbiji. Projekat je obuhvatao tri komponente: poboljšanje uslova stanovanja, ekonomsko osnaživanje i pravnu podršku. Pored povratničkih (uglavnom romskih) porodica iz zapadne Evrope, ovim projektom su delom podržane i nepovratničke porodice koje su ugrožene i žive u sličnim uslovima u susedstvu. Takođe, EHO je kroz saradnju sa svim značajnim partnerima na nacionalnom i lokalnom nivou aktivno radio na unapređenju postojećih

OPPORTUNITIES FOR A NEW START

This project was implemented over the course of two years (2018-2019) with the aim of improving living conditions and the reintegration of returnees under the readmission agreements in Serbia. The project comprised three components: improving living conditions, economic empowerment and legal support. In addition to returnee (mostly Roma) families from Western Europe, this project also partially supported non-returnee families who are vulnerable and living nearby in similar conditions. Also, through cooperation with all major partners at the national and local level, EHO worked on improving existing policies and

politika i praksi koje se odnose na pitanja unapređenja stanovanja, zapošljavanja i (re)integracije ovih ranjivih grupa. Projekat je sproveden na teritoriji četiri lokalne samouprave u Srbiji: Subotica, Kikinda, Zrenjanin i Žitište. One su izabrane upravo zbog velikog broja povratnika u njima.

Tokom 2019. godine, 52 porodice (265 osoba) dobile su pomoć u građevinskom materijalu i stručnoj podršci za renoviranje svojih kuća; 51 osoba je prošla EHO obuku „Pisanje biznis plana“, od kojih je njih 26 (sa 147 članova porodice) dobilo grant u vidu alata/opreme i stručne podrške kako bi započeli sopstveni posao; pravna podrška pružena je za 290 korisnika sa ukupno 429 usluga, od toga 86 osoba dobilo je podršku u vidu informacije i saveta, 184 osobe u vidu pribavljanja 303 dokumenta, a urgentnu pomoć u vidu paketa hrane i higijene ili lekova dobilo je 20 porodica. Time je ukupno podržano 702 osobe u 2019. godini.

Angažovani su terenski saradnici/-ce i volonteri/-ke u školi. Prilikom ostvarivanja kontakta, terenski saradnici pružaju informacije o dostupnim uslugama sistema, upoznavajući decu sa rizicima provođenja vremena na ulici i obavezi pohađanja obrazovno-vaspitnih ustanova. Takođe, organizuju se kreativne i edukativne radionice u koje se uključuju i roditelji kako bi se postigla veća učinkovitost, dok se u okvirima produženog boravka učenicima prvog i drugog razreda kroz individualni pristup pruža podrška u učenju sa daljim ciljem savladavanja školskih obaveza/gradiva što predstavlja meru sprečavanja osipanja učenika iz školskog sistema.

Three substandard settlements are included (part of the city Adice neighbourhood, Bangladeš and Veliki Rit) – parts of town mapped as places where children and youth spend time exposed to the risks of the streets – as is the Jožef Atila primary school extended day programme. Field workers have been taken on as well as volunteers in the school. When making contact, field workers offer information on available services within the system, informing children of the risks of spending time on the streets and their obligations to attend school. Creative and educational workshops are also held involving parents in order to achieve a greater impact, while first- and second-grade pupils are supported individually during the extended day programme to help them learn and in the longer term successfully complete their schooling requirements and curriculum, a measure aimed at reducing the drop-out rate from the school system.

During 2019, 14 field workers made 360 field visits achieving 1,202 contacts with 517 children and 117 parents, whilst 14 volunteers in the school made 335 visits to the extended day programme supporting 41 first-grade pupils and 42 second-grade pupils.

IZBEGLICE I MIGRANTI U SRBIJI

Projekti humanitarne pomoći izbeglicama u Srbiji u 2019. godini se nadovezuju na projekte iz 2015. i 2016. godine, usmerene na potrebe izbeglica u tranzitu kroz Srbiju, naročito onih osoba koje su i više od 10 meseci ostajale u centrima za prihvat izbeglica. Projektne aktivnosti u 2019. godini bile su koncentrisane prvenstveno na prihvatne centre na teritoriji Vojvodine (Adaševci, Šid, Principovac, Sombor, Subotica, Kikinda), a glavni ciljevi su: (1) smanjivanje ranjivosti izbeglica pružanjem humanitarne pomoći u hrani, odeći i obući, higijenskim proizvodima, medicinskim uslugama i lekovima, te renoviranjem, opremanjem i održavanjem prostorija u kojima oni borave i (2) doprinos boljoj prihvaćenosti izbeglica od strane zajednica koje ih primaju kroz poboljšanje životnih uslova u samim lokalnim zajednicama i poboljšani pristup obrazovanju izbeglica koje su smeštene u Srbiji.

U 2019. godini je u okviru tri projekta nastavljena redovna distribucija pomoći za zadovoljavanje najosnovnijih potreba preko 6.000 izbeglica u prihvatnim centrima, gde je pomoć bila u vidu odeće i obuće, higijenskih artikala i oprema za održavanje šest prihvatna centra, a EHO je bio jedina organizacija koja je obezbeđivala industrijsko pranje veša u spomenutim tranzitnim i prihvatnim centrima u Vojvodini.

REFUGEES AND MIGRANTS IN SERBIA

Projects providing humanitarian assistance to refugees in Serbia in 2019 follow on from projects in 2015 and 2016, focusing on the needs of refugees in transit through Serbia, especially those confined to refugee reception centres sometimes for more than 10 months. Project activities in 2019 were primarily focused on reception centres in Vojvodina (Adaševci, Šid, Principovac, Sombor, Subotica, Kikinda), the key objectives being as follows: (1) reducing the vulnerability of refugees by providing humanitarian aid in the form of food, clothing and footwear, hygiene products, medical services and medications and renovating, equipping and maintaining the premises in which they are accommodated and (2) contributing to better acceptance of refugees by the communities receiving them by improving living conditions in the local communities themselves and improving access to education for refugees located in Serbia.

In 2019, regular distribution of aid was continued through three projects, aimed at meeting the most basic needs of more than 6,000 refugees in reception centres, where the assistance was in the form of clothing and footwear, hygiene items and cleaning supplies for six reception centres. EHO was also the only organisation providing industrial-scale laundry facilities in these transit and reception centres in Vojvodina.

Realizacija projekta izgradnje bunara u Prihvatno tranzitnom centru Principovac obuhvatila je završetak testne bunarske bušotine koja je obezbeđivala ograničeno snabdevanje vodom u odnosu na potrebe punog kapaciteta ovog centra. Projekat je obuhvatio radove na rekonstrukciji sanitarnih prostorija u prihvatnim centrima u Šidu i Principovcu – delimičnu rekonstrukciju vodovodnih, kanalizacionih i električnih instalacija, nasipavanje novog pristupnog puta do Prihvatnog centra Principovac, te unapređenje klimatizacionih i smeštajnih kapaciteta u prihvatnom centru Miksalište u Beogradu.

Nastavljena je realizacija projekta humanitarne pomoći za izbeglice u Srbiji - snabdevanje prihvatno tranzitnih centara higijensko-neprehrambenim artiklima i uslugama za održavanje personalne higijene izbeglica i higijene prostorija u kojima oni borave. Obuhvaćeno je poboljšanje uslova za rad u školama u kojima se odvija redovan školski program za izbegličku decu školskog uzrasta – zamena drvene stolarije PVC stolarijom u školama u Šidu, Sotu, Adaševcima, Vašici, Bikić Dolu. Naročiti naglasak u ovom projektu bio je stavljen na realizaciju obrazovnog programa za izgradnju kapaciteta i umrežavanje edukatora/-ki i trenera/-ki koji/-e se bave edukacijom izbegličke dece iz svih prihvatno tranzitnih centara u celoj Republici Srbiji. Kroz ukupno 12 treninga, 70 učitelja/-ica iz osnovnih škola povećalo je svoje interkulturalno znanje kako bi bili bolje opremljeni/-e za odgovor na specifične potrebe ove ranjive i marginalizovane grupe, da se uhvate ukoštac sa raznovrsnošću u školama te pozitivno utiču na odnose između izbeglica i lokalnih zajednica koje ih primaju. Na osnovu toga, u školama koje su poslale učitelje/-ice na interkulturalnu edukaciju bili su organizovani susreti kulturne razmene (hrana, običaji) na kojima se procenjuje da je učestvovalo oko 200 migranata/-kinja i oko 200 stanovnika/-ca lokalnih zajednica.

Početkom 2019. godine u Prihvatnom centru Šikara u Somboru završena je izgradnja montažnog objekta od 160 m², koji je namenjen deci i ženama koji borave u centru. Objekat služi za redovne obrazovne aktivnosti deci od 7 do 14 godina, predškolske aktivnosti za mlađu decu i za dnevne edukativne, motivacione i rekreacione aktivnosti za decu i žene. U objektu postoji jedan namenski prostor za dojenje i presvlačenje beba. Tokom godine kroz uspešno sprovedene tematske aktivnosti u ovom jedinstvenom i funkcionalnom objektu je prošlo oko 300 izbegličke dece i žena čime se kontinualno doprinosi boljoj integraciji ovog specifičnog dela izbegličke populacije.

A well-drilling project at the Principovac Reception and Transit Centre involved completing a test bore which provided a water supply that is still limited in relation to the needs of this centre when at full capacity. The project involved reconstruction of the sanitary facilities in the reception centres in Šid and Principovac – partial reconstruction of the water supply, sewerage and electrical installations, laying a base for a new access road to the Principovac Reception Centre and improving climate control and accommodation capacities in the Miksalište Reception Centre in Belgrade.

The humanitarian aid project for refugees in Serbia was continued, supplying reception and transit centres with hygiene/non-food items and services for refugees to maintain personal hygiene and the hygiene of the premises they are accommodated in. Also included were improvements to conditions in schools in which regular programmes are ongoing for refugee children of school age – replacing wooden window frames with PVC in schools in Šid, Sot, Adaševci, Vašica and Bikić Do. Particular emphasis during this project was placed on an educational programme for capacity-building and networking of educators and trainers involved in teaching refugee children from all of the reception and transit centres in the Republic of Serbia. Through a total of 12 training events, 70 primary school teachers grew their intercultural knowledge and were better equipped to respond to the specific needs of this vulnerable and marginalised group and to get to grips with diversity in schools and positively impact relationships between refugees and the local communities hosting them. After that, cultural exchange events (sharing food and customs) were organised in the schools that had sent teachers to the intercultural training events, with an estimated 200 migrants and around 200 people from local communities attending.

In early 2019, construction was completed at the Šikara Reception Centre in Sombor of a 160m² prefabricated structure intended for women and children staying at the centre. The premises are intended for regular educational activities for children aged between 7 and 14, pre-school activities for younger children and for daily educational, motivational and recreational activities for children and women. The facility has a special room for women to breast-feed and change babies. During the year, themed activities were successfully run in this unique and functional facility, with some 300 refugee children and women passing through, contributing to the better integration of this important cross-section of the refugee population.

PRUŽANJE PODRŠKE INTEGRACIJI ŽENA I DECE

Cilj projekta je pružanje podrške ženama i deci koji su usled migrantske krize smešteni u prihvatnim centrima u Somboru i Subotici. Vaspitači/-ce, angažovani/-e u okviru projekta, organizuju aktivnosti u Dnevnom centru (Sigurni kutak za decu i žene) na dnevnom nivou. Polazište rada je stvaranje sigurnog okruženja u kojem se pružaju mogućnosti za igru, učenje, podstiče kreativnost i razvijaju radne veštine. Rad se fokusira na edukativne aktivnosti (organizacija časova učenja srpskog i engleskog jezika, časovi matematike, geografije, itd.); kreativne radionice za decu, na kojima deca kroz različito oblikovane tematske pristupe izražavaju svoju kreativnost, razvijaju svoje potencijale, kao i radno-kreativne aktivnosti za žene, usmerene na razvoj veština značajnih za njihovo radno osposobljavanje.

Tokom 2019. godine, Prihvatni centar u Somboru u jeku povećanog talasa dolazaka migranata, brojao je 245 lica smeštenih u centru, od 26 su činile žene, a 56 deca. U istom trenutku broj lica u prihvatnom centru u Subotici je iznosio 87, od toga broj žena 18, dok je broj dece bio 36. Navedeno brojčano stanje uslovljeno je dinamikom ulazaka i prelaska lica ka željenoj destinaciji.

Imajući u vidu da žene i deca koja borave u PC u Somboru, pre odlaska do željene destinacije bivaju smešteni i u PC u Subotici, postiže se kontinuitet u radu. Gore navedi model se primenjuje u oba centra.

INTEGRATION SUPPORT FOR WOMEN AND CHILDREN

The purpose of the project is to provide support to women and children who are accommodated in reception centres in Sombor and Subotica as a result of the migration crisis. Teachers contracted under the project organise activities in the Day Centre (Children and Women's Safe Corner) on a daily basis. The foundation of the project is creating a safe environment in which opportunities are provided for play, learning, encouraging creativity and developing skills for work. The work is focused on educational activities (lessons in Serbian and English language, mathematics, geography etc.); creative workshops for children at which they can express their creativity through a range of themed activities and develop their potential, as well as creative practical activities for women intended to develop skills vital for their employability.

In 2019, at the height of the wave of migrant arrivals, the reception centre in Sombor housed 245 people, of whom 26 were women and 56 children. At the same time, those housed in the reception centre in Subotica numbered 87, of whom 18 were women and 36 were children. Those figures change according to the ebb and flow of arrivals and departures.

Since women and children staying at the RC in Sombor are also housed in the RC in Subotica prior to their departure for their desired destination, there is continuity in the work done with them. The above described model is in use in both centres.

DODATNE AKTIVNOSTI EHO

LICENCA ZA PRUŽANJE USLUGE LIČNI PRATILAC DETETA

Ekumenska humanitarna organizacija dobila je licencu za pružanje usluge lični pratilac deteta koju izdaje Ministarstvo za rad, zapošljavanje, boračka i socijalna pitanja Republike Srbije (rešenje broj 022-03-00099/2018-19 od 03. juna 2019. godine).

Lični pratilac dostupan je detetu sa invaliditetom, odnosno sa smetnjama u razvoju, kojem je potrebna podrška za zadovoljavanje osnovnih potreba u svakodnevnom životu u oblasti kretanja, održavanja lične higijene, hranjenja, oblačenja i komunikacije sa drugima, a u skladu sa individualnim potrebama. Svrha angažovanja ličnog pratioca je pružanje detetu odgovarajuće individualne praktične podrške radi uključivanja u redovno školovanje i aktivnosti u zajednici, kao i zbog uspostavljanja što većeg nivoa samostalnosti.

DONACIJA KREVETA INSTITUTU ZA ONKOLOGIJU

Na iskazane potrebe Instituta za onkologiju Vojvodine u Sremskoj Kamenici, Ekumenska humanitarna organizacija donirala je početkom godine 30 bolesničkih kreveta ovom institutu. Bolesnički kreveti su nabavljeni uz pomoć Klinike Dortmund (Klinikum Dortmund) i Evangeličke hrišćanske crkve iz Dortmunda (Evangelische Kirchenkreis Dortmund). Na ovaj način nastavljena je saradnja Ekumenske humanitarne organizacije i Instituta za onkologiju, koja se uspešno odvija pre svega kroz projekat „Zelene dame“, koji omogućava pružanje praktične, funkcionalne, socijalne i emotivne podrške onkološkim pacijentima.

ADDITIONAL EHO ACTIVITIES

LICENCE TO PROVIDE CHILD PERSONAL ASSISTANT SERVICES

The Ecumenical Humanitarian Organisation received a licence to provide child personal assistant services from the Serbian Ministry of Labour, Employment, Veteran and Social Policy (licencing decision no. 022-03-00099/2018-19 issued 3rd June 2019).

A personal assistant is made available to a child with a disability or with developmental difficulties who needs support in meeting basic needs in everyday life – getting around, maintaining personal hygiene, feeding, dressing and communicating with others, depending on the child's individual needs. The purpose of taking on a personal assistant is to provide the child with appropriate individual practical support in order to facilitate his or her integration into regular schooling and activities in the community, as well as to provide the highest possible level of independence.

DONATION OF BEDS TO THE INSTITUTE FOR ONCOLOGY

At the beginning of the year the Ecumenical Humanitarian Organisation donated 30 patient beds to this health institution after the Institute for Oncology of Vojvodina in Sremska Kamenica expressed a need for them. The patient beds were procured with the help of the Dortmund Clinic (Klinikum Dortmund) and the Evangelical Christian Church in Dortmund (Evangelische Kirchenkreis Dortmund). This was a continuation of successful cooperation between the Ecumenical Humanitarian Organisation and the Institute for Oncology, primarily ongoing through the Green Ladies project which provides practical, functional, social and emotional support to oncology patients.
